Florida Statutes 1009.534, 1009.535, 1009.536

The student may identify a social or civic issue or a professional area that interests him or her, and develop a plan for his or her personal involvement in addressing the issue or learning about the area. The student must through papers or other presentations, evaluate and reflect upon his or her volunteer service or paid work experience. Such volunteer service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service or paid work.

In a lignment with the guidelines above, Orange County Public Schools is providing clarifying examples in this document of types of service that are and are not permitted. Each district reserves the right to determine what types of activities are acceptable (Bright Futures Handbook, Ch.1, pg.4) which may differ from surrounding districts. If the activity is determined in eligible for Bright Futures, the student may still add the service to their resume and note it for college admissions, scholarships, or professional skill building. Bright Futures requires that hours must be submitted to the student's school counselor/designee no later than the student's high school graduation date. It is recommended the student submit their hours each year of high school or as they are completed.

This table does not include all possible activities. The school designee has the final determination of activity approval or denial if the service activity cannot be agreed upon.
